

# SPECIALTIES GO UP BUT REDEED

Standard Issues Are Unchanged or Slightly Lower; Others Irregular.

NOTE—Quotations reflect closing price Thursday, January 19.

New York, Jan. 19.—Some substantial recoveries from the losses of Wednesday's close were recorded by specialists at the outset of today's operations. But the rise was not well maintained. Close of 1 to 2 1/2 points marked the initial dealings in Mexican Petroleum.

Standard stocks were unchanged or slightly lower. United States Steel yielded another small fraction of its recent minimum, a block of 100 shares changing hands at \$44. General Motors was heavy, losing several 1/8 and other specialties manifested irregular tendencies, those becoming more marked later.
